

CIEH LEVEL 2 – PRINCIPLES OF RISK ASSESSMENT

Overview

The Certificate in Risk Assessment is designed for Managers, Supervisors and those who have a responsibility to conduct or understand Risk Assessments. The programme is one day and will assist students in becoming familiar with the legal requirements, the principles of and the methods used when conducting a risk assessment in practical situations.

Delegates will gain an awareness of the risk assessment process to a level where they can support the process within their workplace. This is a Level 2 module, it is highly recommended by the CIEH for delegates to have achieved the Foundation Certificate / Level 2 in Health & Safety in the Workplace.
